INVITATION

BRI-ES 2017

Bridging industry with secondary and post-secondary education

16 March 2017

Zagreb, Croatia

We are pleased to invite you to the 3rd International Conference BRI-ES 2017 with a focus on bridging the gap between industry and vocational and professional training, which will be organised in cooperation with the Tehnička škola Slavonski Brod on 16.3.2017.

The aim of the conference is still better links between industry and education and mutual exchange and promotion of good practices within the Alpe-Adria region. The focus is the field of mechanical engineering, mechatronics, electrical engineering, computer science and car repair business. Participate vocational and technical schools from Austria, Slovenia, Italy Croatia, Hungary and the Czech Republic.

A detailed description of the event will be published shortly on our website.

In parallel with the conference, there will be also „competition- teamwork“ of students in the field of mechatronics and car repair business.

Composite will be 5 teams on each field, giving each team a representative of one country. The aim is to promote cooperation and "of team" work. At the end of the conference, students will present the experience they have gained during the teamwork.
